Sunday nite. 9:30

Dearest Mumsie & Daddie

Just a line before I go to bed - listening to "Tuckin in Hour" R.G.C.R. Put on by the Calvary Baptist Church here in Long Beach.

Yesterday worked until the p.m. was mostly gone.
Looked into houses,^{but she didn't want to go back.} + got home at 3:45 Then vacuumed
+ dusted + talked with Mrs Marshall (landlady) her
eye bothering her - whole head + face sore + full of
pain. Said the apartment above garage was to be
vacant about 15th + wanted to know if we'd like it -
45⁰⁰ per mo! Has 2 bed rooms + I suppose other
rooms a little larger than these. Mrs M. said she
had hoped to move up there but their Doctor
had said no - to both of them going up there now.
Mrs M. has heart trouble.

Would have called you today + charged it to our Pst.
had Mrs M. not been sick. If I had gone to another
telephone would have had to reverse the 25¢ +
I didn't want to do that. We had a little extra
\$ to spend last nite for eats + have to have enough
for car fare. Have to cash a check tomorrow.
Cash them at the shoe store, or Jack at the bank
n office.

Oh! on Friday met Gladys Whitcomb on

2/ the street - on my way back from the bank. Went up to her house (apartment) that night. Cleonor didn't know or seem to remember me. anyway her main thot was her boy friend & she was busy getting the last hair in place. Gladys has a nice large place up stairs in a 4 apartment bldg. She rents her house in North Long Beach (8 mi. out) between atlantic & Cherry - someplace. Not far from that park where we ate our lunch once - remember? She asked about several Monrovia - I didn't know very well - I said she should have gone up on Monrovia day. Gladys works across the street from me been there about 5 or 6 years - a jewelry & optical place. Guess she has several boy friends - as usual.

Intended going to church this am. but wanted to get my meat loaf made & summer squash fried & some other things done before finishing dressing & then it was 15 to 11: & knew I could make it without being at least 10 min late so didn't go.

Can't think of anything else now other than the world news so will say bytyle nite.

Trust you are feeling k. So until I see you don't work too hard.

Muchy love
Alice.
